

Why Coconut Oil?

Forms a protective coating with a pleasant smell

Helps to heal damaged skin and restores original appearance

Safe for those with sensitive skin

Great moisturizer & protection for lips

But with so many oil choices like olive, peanut, canola, soybean and more, which one should we pick? If you want to learn more about the differences between these oils and their best uses, please join us at the workshop.

Make Your Own NATURAL LIP BALM with Coconut Oil

Coconut oil, also known as a "superfood". It contains fatty acids that can bring positive effects for one's health and beauty such as fat loss, smoother skin and other impressive benefits.

Freshly Sparkle Lip Balm

Ingredients

- Coconut oil
- Beeswax
- Peppermint leave

Steps to follow

1. Melt the beeswax in a double boiler.
2. Add the coconut oil stir until it turns into a liquid consistency.
3. Add mint leave to this mixture.
4. Once it reaches medium-thick consistency, pour the **balm** into jars to set.

Shimmer Kissed Lip Balm

Ingredients

- Coconut oil
- Beeswax
- Orange juice

Steps to follow

1. Melt the beeswax in a double boiler.
2. Add the coconut oil stir until it turns into a liquid consistency.
3. Add orange juice leave to this mixture.
4. Once it reaches medium-thick consistency, pour the **balm** into jars to set.

Can't Be Beet Lip Balm

Ingredients

- Coconut oil
- Beeswax
- Beetroot juice

Steps to follow

1. Melt the beeswax in a double boiler.
2. Add the coconut oil stir until it turns into a liquid consistency.
3. Add beetroot juice to this mixture.
